DRESS CODE POLICY

Studies have shown that students who are neat and clean, and who have a wholesome attitude toward dress, have a better chance of success. Therefore, in the best interest of the school and the students themselves, all students are required to conform to the following dress code policy as approved by the school board.

GENERAL

Burton Adventist Academy has chosen to use a defined dress code that requires specified school wear. All students are expected to comply with the dress code when they begin their first day of school. Students are to remain in uniform until they leave for the day. Violation of the dress code policy will result in disciplinary action. Please be sure the correct guidelines are followed.

All clothing and accessories should be in harmony with the Christian atmosphere of the school. Clothing with rips, holes, slits, or heavily frayed edges is not acceptable.

In order to ensure uniform compliance, all school uniform items must be purchased from Lone Star Team Gear, or the Home & School sponsored uniform resale shop, or must be identical in style and shade of color to the items sold at Lone Star Team Gear.

Every student must purchase one royal blue polo shirt with a logo to be used as the designated field trip shirt and worn for the ID picture. All shirts with logos are to be purchased from Burton Adventist Academy or Lone Star Team Gear.

The Burton ID card is a key to the buildings. Students in grades 6-12 are to wear their Burton ID badges on a Burton issued lanyard around their neck at all times on campus, except for PE and athletic periods. Students without ID's will automatically have a new ID made and a charge placed on their account.
